

BITS OF NEWS FROM
HERE AND THERE

Monday night robbers drilled or chiselled into the safe of the Hall Lumber Company at Winslow. They secured a small amount of money and made their escape. About ten days previous a typewriter was stolen from this same office.

According to reports hundreds of millions of fake Liberty bonds are in circulation. The government admits that an enormous are in circulation, says an exchange. Certainly there is some one who ought to be in jail for the rest of his natural life, and in hell thereafter. Hell he cannot escape, but will jail doors ever close upon him?

Demurrer to the indictment charging Senator Ralph A. Cameron with perjury in connection with campaign receipts was sustained by Judge William C. Van Fleet in Federal court Wednesday. He ordered the indictment dismissed. The court rendered his decision in writing and read it from the bench. He said the facts alleged in the indictment were "wholly immaterial and insufficient to constitute a charge of perjury."

The Gallup Herald says: Special Prohibition Officer Henry McDermot with State Officer Fred Hines have rounded up several illicit stills during the week. They captured a still at Guam and a bootlegger at Thoreau, one thousand gallons mash and two stills in Blue Canyon near or inside city limits, one still on north side just across the Puerco, at the old Wiggins store, they found bootlegger and prostitutes running full blast, out west of Gallup they captured some mash and a boiler. The soldiers have assisted in some of these raids and have been of good service to the prohibition officers.

An exchange says; Congress wants to keep our appropriation

for aviation extension down to \$2,000,000. Japan appropriates \$200,000,000 for the same purpose for the same length of time. Japan wants the Phillipines and Hawaii. We don't want her to have them. Japan wants to colonize our Pacific coast. We strenuously object. Japan will have an enormous fleet of fighting aircraft. We will have a pitiful one.

If Japan wants to become ram-bunctious, how are we going to remain pugnacious.

Lumbago.

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dann, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a

year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches." Adv.

Close Shave

MOTHER," said little Arthur thoughtfully, "do men ever go to heaven?"

"To be sure, dear. Why do you ask such a question?"

"Because I never see any pictures of angels with whiskers."

"Well," said the mother reflectively, "some men do go to heaven, but they only get there by a close shave."

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S
BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars . . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

At all druggists.
